Freiburg, 27.5.2009

Dear LIC users,

the **Life Imaging Center (LIC)** in the **ZBSA** in cooperation with **NIKON** and **ibidi** invites you to join a Life Cell Imaging Workshop on **Wednesday, 10.6.2009**.

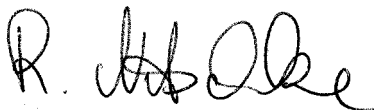

**The talks will start at 9.15am and take place at the ZBSA Building of the University of Freiburg, Habsburgerstraße 49, Seminar room basement.**

After the talks you will have the possibility for testing some **NIKON** Imaging Systems like the inverted microscope Ti, the Life Cell Imaging System Biostation IM as well as the confocal microscope A1.

**ibidi** will present their unique  $\mu$ -slides and a lot of other products for life cell imaging.

Coffee and snacks will be served.

With kind regards

**Date : Wednesday, 10<sup>th</sup> of June**

**Location : ZBSA, Habsburgerstraße 49, Seminar room basement**
